Subject: Re: future community art project

Hi, thank you for that information. I would also like to ask if Torpoint council would be interested in starting a community art project? I am a graduate from university of arts Plymouth and live in Torpoint and have some ideas I'd like to share. I have worked in a project in saltash with the town council there. It was a small project using the train station building. I would like to share my ideas with my local area first and then the same to more town council is the Cornwall area. Just a fun way of getting the community together for murals or anything artistic and creative to brighten up some areas in Torpoint. Many thanks Jason turner
