Subject: Cornwall Council Playing Pitch Strategy and Sport Facilities Study

Dear Parish and Town Clerks,

Cornwall Council Playing Pitch Strategy and Sport Facilities Study

We would be very grateful if you could assist with the following project, which will be very important for sport in your area and across Cornwall.

Cornwall Council has commissioned us (consultants, Stuart Todd Associates, and BELAP) to produce a Playing Pitch Strategy and a Built Sports Facilities Assessment. These two important pieces of work will help to plan for sports provision over the next 15-20 years. They will set out what the current and future needs are for sport across the county, can help to support proposals for improvements and additional facilities and pitches, and help to protect facilities and pitches from loss through the planning system (where they remain viable and demand remains for their use). This study is being overseen by a Steering Group of officers from Cornwall Council, Active Cornwall, national governing bodies of sport and Sport England.

To enable a robust assessment of provision to be undertaken, it is important to know where the current demand takes place and how frequent this use is, the quality of facilities and pitches and other key issues relating to provision. We are reaching out to Parish and Town Councils as one of the best sources of local knowledge and we will supplement the information you can provide with information from sports clubs, league secretaries, educational establishments and others.

In order to capture the information we need, we have developed two surveys (one for sports pitches and one for sports facilities) and we will be very grateful if you can answer as many of the questions as you are able to. We would suggest that this is led by whoever is responsible for booking or managing your facilities, as they are most likely to have an up-to-date knowledge of usage. For the studies to be considered robust, we need as many Parish and Town Councils as possible to complete the surveys.

Please click the link below for the survey about grass pitches, artificial grass pitches and multi-use games areas (MUGAs) for football, rugby union, cricket and hockey:

SURVEY LINK - https://www.smartsurvey.co.uk/s/Cornwall_PitchProvider/

Please click the link below for the survey about (built) sports facilities (including swimming pools, sports halls, activity halls, village halls and community centres, health and fitness gyms, exercise studios, squash courts, tennis courts, netball courts and facilities for gymnastics, martial arts and athletics):

SURVEY LINK - https://www.smartsurvey.co.uk/s/Cornwall_FacilityProvider/

We would hope it will take no longer than 30-40 minutes to complete the surveys if you own or run a lot of facilities and pitches, and do recommend you taking the opportunity to have your say about provision in your area. You can 'save' your survey response part of the way through, and return to it at a later date, if you need to.

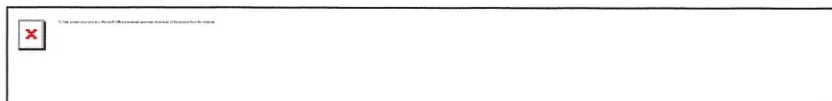

Please note that the deadline for completion of the surveys is **Friday 17th November**. If you have any problems accessing the surveys or would like more information about the study, please contact me. Thank you, in advance, for supporting these important studies.

In addition to these surveys, consultants (BELAP) might be in touch with you in due course to arrange access to playing pitches which you own or run if they are not publicly accessible. This is because part of the process requires visual assessments of the quality to be undertaken and while we already have some data on this, and it will be supplemented by your survey responses, there may be some gaps in data which we need to fill. For openly accessible public pitches which you own or run, it is less likely that you will be contacted for this purpose, as an assessment can take place without a Parish or Town Council representative needing to be present.

Kind regards

Toby

Sports Pitch Provider Survey

Stuart Todd Associates has been commissioned by Cornwall Council to produce a Playing Pitch Strategy. In order to develop a robust strategy, it is important that we get data and information from providers (operators and owners), about the grass and artificial grass pitches at their sites.

If you would prefer to print out the survey form to complete it, please return your completed paper form(s) to: Cornwall PPS, Stuart Todd Associates, 50 Port Stanley Close, Norton Fitzwarren, Taunton, Somerset, TA2 6FD, or scan / take photos of it and email to toby.wintgens@stuarttoddassociates.co.uk.

5..Community use of your pitch(es)

Please could you let us know about the regular use of your pitch(es) by community sports team(s) or group(s) during a typical week?

This could include training, matches or another use of your grass pitch, artificial grass pitch (AGP) or multi use games area (MUGA).

For AGPs, please could you let us know how many hours per week that the whole pitch, half a pitch, a third or a quarter of the pitch is booked.

We would also find it useful to know which sports are played (eg hockey, football etc) and on which day(s) of the week the pitch is booked.

**It's easier to send a booking sheet from a peak average week of use in the winter.

- Yes, we allow community use of our facilities but I do not know about the bookings
- Yes, but no-one from the community uses our facilities
- No, we do not allow community use of our facilities

If you do not manage the community use of your facilities, please could you let us know who does in the comments box below?

4..If you do not allow community use of your facilities

Would you be willing to allow community use of your facilities?

What would help you to do this?

5.. Community use of your facilities

Please could you let us know how busy your facilities are during the peak periods of a typical week?

This includes all use of your facilities (sport or non-sport) by community clubs, groups, schools, colleges, public 'pay and play' or member only use.

We would like to know how many hours per week your facilities are available (i.e., facility opening hours) and an approximate percentage of used-capacity.

For example: 100% used-capacity - the facility is full; 50% used-capacity - the facility is sometimes busy but there is spare capacity; 25% used-capacity - the facility is only busy for a few hours a day so there is lots of spare capacity. If you'd prefer to send us a copy of your booking sheet(s), details of how to do so are at the bottom of this page.

For the purposes of this survey, please could you assume peak-time hours are as follows: Monday to Friday (5pm to 10pm): 25 hours Saturday (8am to 4pm): 8 hours Sunday (8am to 4pm): 8 hours

<u>Access type</u> (eg, public 'pay and play', club use only, members only)	<u>Monday-Friday</u> Total no. of hours facility is open during peak-times (out of 25 hours)	<u>Monday-Friday</u> Approx. % of used capacity during peak-times (eg, 100% - facility is full, no spare capacity)	<u>Saturday</u> Total no. of hours facility is open during peak-times (out of 8 hours)	<u>Saturday</u> Approx. % of used capacity during peak-times (eg, 50% - facility is sometimes busy but there is spare capacity)	<u>Sunday</u> Total no. of hours facility is open during peak-times (out of 8 hours)	<u>Sunday</u> Approx. % of used capacity during peak-times (eg, 25% - facility is only busy for a few hours a day, there is lots of spare capacity)
