Subject: Cornwall & Isles of Scilly Climate Commission: Call for Commissioners

Information Classification: CONTROLLED

TO ALL MEMBERS

Please find below an announcement from the Cornwall & Isles of Scilly Commission: **Call for Commissioners** which may be of interest.

Applications are now open with a deadline of **Monday 8 April 2024** and details of how to apply can be found on the Commissions website below:

The new Cornwall & Isles of Scilly Climate Commission has launched a call for Commissioners.

The Development Group working on the development of the Commission has been chaired by Professor Martin Siegert from the University of Exeter's Penryn Campus and has concluded with agreement to establish the independent body. Its role will be to challenge, catalyse and convene the region's leaders, organisations and communities to take effective action in the face of the climate and ecological emergencies.

The first step is to source a highly diverse range of people, with a wide range of skill sets, experience, geography, ages and backgrounds, to bring their unique perspectives to being Cornwall and the Isles of Scilly's first Climate Commissioners.

Applications are now open, with a deadline of Monday 8 April, and details on how to apply can be found at the Commission's website www.cornwallandiosclimate.org.uk
