Torpoint Town Council Web Site enquiry

comment : I have purchased a new defibrillator at my own expense in which I would have carried as part of my First aid kit on Dartmoor or were ever I would of been supervising expeditions but due to covid its not getting out as much as I expected and I would like to make it available to the community of Torpoint I wish to place a box on the wall of my home at 61 cremyll Rd and would like to ask if there is any available funding towards this otherwise I would have to fund it from my pension and this would take time the defibrillator that I have is fully automatic and can be used on a child and is registered with the South West ambulance service should you require any further information please don't hesitate to contact me.
