

Police Additional Information
June 2021 Council meeting

As I am sure the council are aware a large majority of local officers have recently been deployed to cover the G7 summit. Including myself 😊 Now this has concluded we will return for the upcoming summer season. We will be targeting local anti-social behaviour as well as all other crime. You will notice from the figures an increase in violent offences and public order. This can't be directly linked to the re-opening of public houses, but it is something we are fully aware of and keeping an eye on. If any local residents need to report problems then please could you direct them to the Devon and Cornwall Police website unless an emergency then call 999.
