

FOR Town Council July 2021

The good news is your Neighbourhood Policing team don't have much to report this month as the crime figures show that we are still living in a very safe community. As you are aware over the past month the football has been taking place. Within the local community this event was enjoyed in good spirits and considering the restrictions was managed very well by the local pubs. This is reflected in the crime figures for this month which show only 2 assaults with injuries.

Many thanks  
Steve
