AMOC 27/01/22  
Agenda 11.c.

Has anything been agreed or provisions made to protect the Park (and other local areas) from the same "travelling community" which last year had a very successful attempt at despoiling the area.? Last year, we dog walkers and local people (rate payers) were effectively barred from using the top part of the Park while the "travelling community" held sway, depositing tree prunings, faeces and general rubbish around the area. Are you going to allow a repeat performance this year? I begrudge seeing my rates being spent on clear up operations after the fact when a proactive approach could be taken.

Yours Sincerely, Ian Leadbetter.
