*TO: Cornwall Gateway Community Network Panel*

Please see update below on the Community Network Highways Scheme relaunch.

Kind regards  
Lisa

Dear Clerks and Councillors

As you are aware, the Community Network Highways scheme has allocated significant funding for small scale highways improvements in the Cornwall Gateway Community Network over the past 4 years. This scheme is being revised and relaunched from April 2022 for another 3 years, and Cornwall Gateway Community Network has £57,330 to invest per year. Please see attached Guidance Note for details of the new scheme. To improve the efficiency of the programme, the process of approving schemes has been revised to ensure delivery can take place in the financial year they are agreed. This means schemes have to be prioritised by the Cornwall Gateway Community Network by our meeting on 16<sup>th</sup> March 2022, so that myself and the other Divisional Members can submit final recommendations for approval to the Portfolio Holder for Transport. Expressions of Interest (using the attached form) must be submitted to your Community Link Officer by **25<sup>th</sup> February 2022**.

It is important that parishes consider the amount of money available per electoral division, and only submit 1 or 2 Expressions of Interest at the most, and in priority order. **Please also note that this is a call for projects to be delivered in 2022/23** and there will be a further call later this year for projects that can be delivered in years 2 and 3.

Please contact Catherine Thomson, Community Link Officer, if you have any queries about this programme, or your Cornwall Councillor if there are schemes you wish to propose.

With kind regards  
Catherine
