## CC Report for Town Council Meeting 17 February 2022

This report covers the period 14 January to 11 February to ensure the report can be seen by all town councillors with all other council papers prior to the above meeting.

There has **finally** been a response concerning the strategic placement of boulders and lockable bollards around the Free Car Park at The Lawn, a suggestion has been made which although not being practicable has allowed further dialogue and a counter proposal to be made. I am meeting with the Chair of FOTP Monday pm to discuss further

More cases have been reported through the Casework Assist programme, inclusive of anti-social behaviour (involving both Police and Cornwall Housing staff visiting one particular address) and poor maintenance and repair to CC owned buildings.

There have been meetings and correspondence which has involved the school, Police, Highways and Parking Enforcement from CC concerning the rather long-standing issue over safety in and around Albion Road especially in the afternoon and a resolution has now been arrived at to the satisfaction of all. Official CC Short Term Parking permits will be both administered and issued by the school allowing a limited free parking period in Sainsbury's Car Park, with the caveat that failure to display the issued permit and/or parking out-with the permitted times and no valid ticket on display will result in a parking fine.

At the request of residents in the immediate vicinity of Borough Park the grassed area around the Play Area is cut on a regular basis. Confirmation of this was received earlier today that the Cormac Team will monitor this area on a regular basis and weather permitting will cut when required.

CC Meetings attended during this period, Full Council on Tuesday 18 January, Children and Families OSC on 19<sup>th</sup> January, the scheduled meeting for East Area Planning was cancelled due to no appeals listed.

A further reminder has been sent to Cornwall Housing for the walkround report. Should there not be any response to this third request in the next 5 working days I will escalate to the Portfolio Holder.
