

Report from The Climate Change Working Party
Wednesday 9th March 2022
The Mayor's Parlour, Torpoint Town Council Offices.

Declaration, Context-Council Business

Torpoint Town Council Climate Emergency Action Plan

The Torpoint Town Council Climate Emergency Action Plan was revised and will be shared for **adoption** with all Councillors prior to the March Council meeting.

At the next Climate Change Working Party meeting the group will prioritise their next actions with approximate timelines.

Torpoint Town Council's Environment Policy

The previous draft of Torpoint Town Council's Environment Policy was reviewed and changes made to ensure that the Climate Change Action Plan and Environment Policy are in synch. This Environment Policy will be presented for adoption at the next AM&OC meeting.

Repair Café Survey.

The Repair Café Survey has been completed. It was thought prudent to use Survey Monkey with QR code to maximise uptake of respondents.

The group would also like to produce the survey on an A5 leaflet to be included with the next circulation of the Torpoint Town Council Newsletter. This would need to be agreed at the March Council meeting due to additional cost to the Council. The survey would go live at end of March, beginning of April, using social media and hard copy format.

Dissemination of information. (Under A.O.B.)

CALC virtual meeting 10th March 2022 reference The Pledge for Nature Campaign and The Local Ecological Emergency Summit to be held on 24th March 2022.

Immersive exhibition on Climate Change and Flooding is open at Heartlands at The South-West Climate Change Centre. It is open to all and there is no admission charge. The exhibition is open from 9.30am to 4.30pm every weekday.

Date of next meeting.

Wednesday 13th April 2022
4.00pm Mayor's Parlour.
