**Subject:** Re: Automatic reply: Development Trevol Business park pl11 2tb

since the enforcement notice has been issued the company still have to large machines moving hundreds of tons of soil etc around the site making the spoil heap even bigger. Has the company sent reports of soil contents( which is part of there clause for planing permission) A Plymouth company reported some time ago that the trial holes around the site stated that they contained asbestos materials, yet the company that submitted reports on the planning app said nothing?

regards Brian
