**Subject:** Defibrillator at Cremyll Rd

I would like to thank the town council for your support in the funding for the 3 years monitoring of the Defibrillator that I purchased on the 21st July 2021 I would like to inform you that it has been Deployed once to a builder that collapsed and made a full recovery I feel that on this one occasion the Defibrillator has paid for itself and I will continue to support the local community here in Torpoint.

Many thanks  
Paul Smith
