Dear Sir, Ma'am,

Plan for funding grant received from Torpoint Town Council – 2022 (£5000)

Considering the survey plans are now no longer required. Due to a change of direction brought on by rising cost of construction and living standards within England, UK.

This has made it unachievable by a small rugby club such as ST Columba & Torpoint RFC to sustain a new rugby club location and new build within the Torpoint and Ramehead area.

This was supported and discussed with The RFU, Sport England and Devon RFU

- a) The Charity would like to ring fence £1500, (5 years), this ring fence would be set aside so if once the town has gone through a facilities / housing up lift there would be funding easier accessible to help rebuild a rugby team / club. (**New strip for a team current price – 21 x player shirts = £1000**) if required or requested.
- b) The Charity would like to support the 30 youth players and help integrate the players into the close's youth team (Plymouth Albion RFC). We would like to use £1000 to help offset the cost of club membership, club training shirts and club playing shorts & socks for all youth players. Any under spend would be set aside to help pay for end of season youth festivals 23/24.
- c) As part of the integrations of ST Columba & Torpoint RFC & Plymouth Albion RFC Youth Section, The coaches and volunteers of both clubs require to attend and complete a number of RFU courses – Safeguarding / First Aid / Coaching & Mentoring / Management & Leadership / Introduction to Referring / Data Awareness.

All these courses are setup to protect youth and adult players I like and have been built by experts in their fields. We aim to train 10 people over two seasons 22/23 – 23/24 – We estimate £100 per person and therefore would look to ring fence £1000 to enable this to happen.

- d) We would also like to be able to leave a miscellanlus sum of £750 in the charity account this would be available for those unforeseen cost for example we have 4 men's players who have moved to a

Plympton Rugby Club and although this club has its own funding and the men are able to look after themselves we would like to be able to support them if a request is made.

- e) Last but certainly not least we would like to leave a remaining amount of funding of £750 for season 23/24 so if any local sports / club / school within Torpoint need or make a request to ST Columba Rugby Ltd, the charity can possibly support with a small grant / funding.

We look forward to your return correspondence.

Kind Regards

Paul Stentiford
