Torpoint Town Council Web Site enquiry

message : I am writing in connection with the parking situation on Arthur Terrace. It is becoming increasingly difficult for residents to obtain a parking space as the area is utilised by people who work in or travel to Plymouth but do not want to take their car over the ferry. People also use the street as an alternative to using the public car park by the library. My husband works night shifts and the majority of the time now has to park on another street as the spaces here are all full by 6.30am. I am wondering what the likelihood is that Residents Parking would be accepted as an option by the local council, prior to making enquiries with Cornwall Council. In addition myself and several residents would be interested to know what provisions are likely to be in place when the construction is ongoing at the St Johns Ambulance building. Presumably there will be a lot of site traffic and in a limited space this could make parking issues even worse. Your comments would be appreciated name : Shelley Coulton email :  contact\_details : 5 Arthur Terrace
