Good morning Milly,

Thank you for your email.

As we discussed over the phone, my understanding is that the Town Council are going to continue their previous stance of not being involved with Adela road, I would now like to request that there is a statement made for the purpose of the notes and for any future issues that may arise stating this fact.

I wish to request that it states for any communication, concerns or questions regarding Adela road project that I should be contacted in the first instance, giving my telephone number and email address and being very clear that Torpoint Town Council are not responsible for Adela road and will not be able to address any concerns from this point forward.

please could you let me know if this may be possible.

Thank you

**Kind regards**
