Subject: Car parking increase in Clarence road due to school extension in hours.

Good morning Dani & Torpoint Council,

Happy New Year, I hope you are well and had a good Christmas break,

I am just dropping an email to ask what hours the school is now open. The residents of Clarence Road are now finding it impossible to park due to the constant flow of parents vehicles to the newly established before and after school club for the school. Was a request put into the local council to extend hours as us the residents had no consultation over the extension of hours. I completely understand the issues of living near a school and will have lived in my house for 20 years in April, however it has never caused issues for residents before due to the school times and school traffic being clear around 15:15pm. I have spoken to several residents, who are all feeling increasingly frustrated, not only with the extra traffic but the general inconsiderate parking which I will describe below.

The parents are often parked without any care of others both during normal school pick up and before and after school, I have witnessed cars parked over corners of pavements, always on yellow lines, outside school gates and parked with cars hanging over junctions making it so dangerous for parents to safely cross with children.

Could we please arrange a meeting to discuss these issues, I understand Sainsburys have an agreement that parents can park in the car park to collect, I believe the car park belongs to the council?

Kind regards

Emily
