**Where:** Microsoft Teams Meeting

On Behalf of @Adam O'Neill (Transport)

Clerks can you please forward this onto your Cllrs.

The Cornwall-wide 20mph rollout is progressing well and your area is next for delivery. This invite is for a pre-consultation stakeholder meeting, including Local Members, CLOs, Highway Managers, Cormac, Devon & Cornwall Police and a representative from each Town/Parish Council.

This is the same process undertaken for Phases 1 and 2, which worked well. The agenda for the pre-consultation stakeholder meetings will be as follows:

1. Welcomes/introductions.
2. Presentation – We will present a reduced version of the attached presentation. This will provide the context, hopefully explaining how we determined the proposed 20mph extents. Devon

& Cornwall Police will be supporting and will be available to answer any questions regarding enforcement. For info, we'll also keep our website updated, which is as follows:

<https://www.cornwall.gov.uk/transport-parking-and-streets/roads-highways-and-pavements/20mph-speed-limits/>

3. 20mph extents – Cormac will review every draft consultation site notice, using Google Street view to show you every proposed 20mph extent. This will be thorough and so will take considerable time, which is why we'll split the site notices over the two meetings for each CNA . We will ensure we will have plenty of time to get it right and we certainly welcome local knowledge input to help achieve that.

4. Further questions/answers.
