

About Torpoint Diverse Advisory Panel

The Town Council adopted its Equality, Diversity and Inclusion Policy at the Adjourned May 2022 Council meeting. As part of this The Torpoint Diverse Advisory Panel was formed to ensure that the Town Council consider the impact of all decision making on the nine protected characteristics of people in our community

Equality and diversity is not about changing everything or making radical changes to everything that is already in place, it is about providing opportunities, not favouring any of the above nine protected characteristics.

The Town Council supports the Equality Act 2010, recognising its duty to all and aims to create a workforce that is diverse, promotes positivity and installs a can do attitude in everyone, no matter their background or characteristics.

The Torpoint Diverse Advisory Panel aim to:

To seek the views and opinions from the disabled community of Torpoint about accessibility concerns.

To produce an action plan detailing a summary of steps to review and implement these concerns.

To identify and engage with relevant key stakeholders within the town, surrounding community and other experts to support the Advisory Panel.

To seek funding opportunities to support relevant improvements, for the benefit of the disabled community in Torpoint

To regularly communicate positive steps in equality, diversity and inclusion to the town, via the Town Council website, social media and newsletter.

To report to Cornwall Council Development and Localism Committee with any recommendations to the Town Council
