Torpoint Town Council Web Site enquiry

comment : Hi, just enquiring about the old fire station and wondering what is happening with it. I feel it could make a great community hub and a craft ale bar and fast food like wood fired pizzas and maybe a shipping container outside with other fast foods available but something different for the community. Big glass doors on the front where the old doors are and an industrial feel inside. Could have books available coffee, laptop usage points etc and maybe a space for artists to advertise work. I think if investors get hold of it it will just be another building left to rot when it could be so much more.
