Subject: Speak Cornish Week 2025

Dydh da Town Council,

An Rosweyth is the network of voluntary Cornish language organisations. Under our Speak Cornish banner, member groups organise events, promote the language and how to learn it, produce publications, create opportunities for using the language and generally provide help and advice. We aim to make the language accessible to all and work in partnership with each other and with organisations across Cornwall to increase use of Cornish in our community life.

Each year we organise Speak Cornish Week. This year the week will run from 23rd to 29th June and will be full of opportunities for people to have a go at Cornish.

I am getting in touch to ask the following:

1. Does your council have a Cornish language policy?
2. If yes, splann/fantastic, would you be happy for us to promote this as part of Speak Cornish Week this year?
3. If no, would your council be interested in receiving copy of our Cornish language policy proforma for councils? (Speak Cornish week would be an ideal time to adopt a Cornish Language policy!)

This year our theme for Speak Cornish week is *ov vy* (I am) and *on ni* (we are), so is a great chance to tell people about yourselves. If you would like to get involved please get in touch for ideas on what you could do.

Oll a'n gwella
Emma
