Subject: Grant Funding Available for Cornwall Community Projects

D + L  
05/06/25

Hello,

I'm getting in touch today as I suspect that through your role in local government you might be aware of local charities or community groups doing great work but in need of funding to make a project or activity happen.

Prime, a property development company specialising in Health and Care buildings, are developing key worker housing in partnership with Royal Cornwall NHS Foundation Trust in Truro. Through Prime's charitable foundation, the Prime Foundation is inviting applications for grant funding of up to £8,300 to improve lives in the area.

If you are aware of a local concern that would be given a massive boost by funding, I would invite you to pass on the details of the opportunity.

I've attached a document containing more details about the Prime Foundation, previously funded projects and how to apply. Please direct any interested groups to [DIRECT LINK]

I've also attached a poster that can be put on display or given out in the local area.

Applications are now open, and close on 31st July 2025.

Thank you for taking the time to read my email.

Kind Regards,

Kayleigh

News Release

29<sup>th</sup> May 2025

Cornwall, UK

## Funding announced for community groups in Cornwall

The Prime Foundation is pleased to announce that applications for grant funding are now open for community projects in Cornwall.

Prime plc, the leading UK-based health and care property developer invests in the Prime Foundation as part of its commitment to giving back to the communities where new health and care facilities have been developed. In Cornwall, Prime are working with Royal Cornwall Hospitals NHS Trust to develop new accommodation for key workers in Truro.

To be eligible to apply for the fund, projects must align with the foundation's aims of advancing education outside the classroom, promoting good physical and mental health, and enhancing social wellbeing through recreation.

Last year several impactful projects in Worcestershire were awarded grants, funding materials for an art therapy group supporting adults with autism, woodworking tools for a social enterprise in a day centre and outdoor play equipment for children with special education needs and/or disabilities.

Stacey Hazleton, Finance and Admin Assistant at Vale of Evesham School, said: "Children in our early years' classes at Vale of Evesham School (a generic all age special school) are learning through play with the fantastic new outdoor play equipment which was funded thanks to the Prime Foundation. Children's motor skills, role play, and peer interaction have been met with a variety of sensory, balance and stimulating apparatus which has resulted in a lot of happy smiling learners."

Leighton Chumbley, Prime Foundation Trustee, said: "We are delighted to open applications for funding in Cornwall. Each time we announce funding in an area, we are reminded just how many people are working every day to serve their community and we're confident Cornwall will be no exception. We look forward to hearing from local groups to see how we can help support their great initiatives and ideas."

For more information and details on how to apply, visit [www.primeplc.com/prime-foundation](http://www.primeplc.com/prime-foundation). Eligible postcodes and application guidelines can be found on the website.

The closing date for applications is 31<sup>st</sup> July 2025.

– Ends –

### **About Prime**

Prime plc is the leading, UK-based health and care property developer, investment manager and operator. Established in 1996, the company operates across the UK, delivering real estate solutions through the expertise of our investment managers, lawyers, developers, financial specialists and health experts.

Focussed on developing space for change in health and care, Prime plc is committed to delivering projects that positively impact the environment, deliver lasting social change and enhance the health and care landscape. This commitment helped Prime achieve B Corp status in 2022.

As an ally of public and private health and care providers, Prime delivers clinical, living, and infrastructure solutions. From complex estate master planning to the creation of innovative key worker living facilities and community-focused healthcare spaces, we create a future where care is never restricted by the space it's delivered in.

# Grants available for community projects!

If you know a community group in the Cornwall area which needs help with funding, then the Prime Foundation wants to hear from you!

The Prime Foundation is a registered charity founded by Prime plc. Prime, in partnership with Royal Cornwall Hospitals NHS Trust, are developing key worker accommodation in Truro. When Prime builds a new facility it donates a proportion of its profit to the Prime Foundation which awards grant funding to initiatives that improve lives in the local community.

Grant available: £8,300

Hurry, don't miss out!

Apply before the deadline:  
31 July 2025
