

# CORMAC

9 June 2025

Dear resident,

We are writing to inform you that Cornwall Council has recently instructed us to carry out works along Sydney Road and Adela Road, in Torpoint on their behalf.

Starting on Monday 16 June, Cormac's operational highways team will be on site to commence work, which we expect to complete within four weeks.

The aim of the scheme is to make safe the existing carriageway. This will involve removing debris and build-up of loose materials before re-profiling the carriageway to a safe level and carrying out resurfacing work.

Work will take place Monday to Friday between the hours of 8.00 am and 5.00 pm. Access will be maintained for the emergency and waste collection services.

We understand the importance of maintaining resident access, and our work will be delivered in phases to reduce the impact on the local community. We will do our best to enable access whenever possible. Please communicate directly with the team on site; they will be happy to assist you.

We kindly ask residents to find alternative parking arrangements while we carry out the work. This will help to ensure the scheme is completed on time and minimise disruption.

If you have any questions in relation to our operations, please email [customerrelations@cormacltd.co.uk](mailto:customerrelations@cormacltd.co.uk)

We appreciate your understanding and cooperation during this time. Thank you in advance for your support.

Yours sincerely,

*Cormac Highways Team*
