**Subject:** Walk Wheel Cycle Trust: thank you!

Dear Milly and Julie,

Thank you very much for all the tremendous support you have given us at Torpoint Town Council for our LCWIP project so far, it really has helped to make this project happen.

The community engagement and interest we had on Saturday was amazing. Please thank Jenny and Sue for staffing the Community Library and Hub for us.

Since we feel that the interest in this first round of engagement has been so strong, we are going to ask Cornwall Council can we have an extension for the timescales of the project, so that the next engagement (where we present back a draft network to prioritise) could tie in with the first 2026 Sunday market in March, rather than having to be held in late January. I will keep you updated on this.

Best wishes

**Alban Luffman**
