**Subject:** Harvey Street Torpoint - Urgent Concerns

To whom it may concern,

I am writing to request an update on the status of CCTV installation for Harvey Street, Torpoint.

It has been another problematic weekend, with continued serious anti-social behaviour, open drug dealing and repeated police attendance in the area. It is becoming increasingly unsafe to leave the building, particularly at night. As residents, we are exhausted and frightened by the ongoing ASB and the uncertainty about what will happen next.

The situation is further impacted by the street lighting being turned off at night on Wellington Street, which is enabling individuals involved in this activity to move further up the road without visibility.

~~I have attached examples of what residents are currently having to endure, as I understand further evidence has been requested.~~

Given the escalation of serious incidents, please can you confirm:  
The current stage of the CCTV proposal? Whether funding has been approved or sourced?  
Whether recent police incidents and lighting issues have been factored into your assessments?

I would also like to ask: what steps will the Town Council and Council be implementing to improve safety for residents in this area of the town, particularly Harvey, Rowe and Wellington Streets, who are currently experiencing significant and ongoing issues?

I await your response outlining next steps.

Kind regards,  
Heather Hughes  
[REDACTED] Harvey Street
