Subject: Torpoint AFC community 3G proposal

Good afternoon Milly,

As way of update I would like to confirm our committee stand point regarding alternative location and operational options for the towns 3G project.

We would like to be completely transparent with TTC and the wider Community as this is such an important Community project that we all want to succeed, therefore we are happy to share any email correspondence moving forward.

I look forward to seeing you all on Tuesday evening.

Kind regards

Mark

Mark Pratten
Torpoint AFC Committee

Good afternoon Milly,

I would like to arrange a formal meeting with Torpoint Town Council representatives to discuss the possible relocation of the planned 3G to the Mill at Torpoint AFC.

As a club we understand there has been a lot of planning and preparation that has taken place regarding this project with Torpoint Community College and other partners and stakeholders, as a community sports club located in the heart of the community we would not want to lose this very important opportunity for our town and the surrounding Rame Peninsula.

We would like the opportunity to look at all options, costings, Miantenance figures and usage numbers so that we can seriously consider taking this project on to full completion for our community to use and enjoy.

I look forward to your reply.

Kind regards

Mark Pratten
Torpoint AFC Committee
