Subject: Notice of Termination

Good morning Julie,

After some lengthy consideration I have decided to withdraw my position as a Torpoint Town Councillor.

Just over a year ago I attended a few of the TTC meetings, as initially I was interested in the workings of the town. Having attended a few more meetings I believed I may be able to support the community and council further, so put myself forward and was gratefully elected and accepted as a councillor.

However recent events have made me realise my input is minimal and that there are far more competent individuals within this town who would be better placed at the table.

I am grateful for my time working with you, the other councillors and other members of your team.

I also wish you and the other councillors well as you seek to improve this town's current challenging situation.

I will continue to do what I can helping those individuals I come into contact with and will support any initiative that benefits the community of Torpoint.

I will drop my TTC identity card and any other associated information to either Harriet or Milly this afternoon.

Kindest regards

Steve.
