10th May 2026

Mount Edgumbe American and Classic Car Show 2026

Notification of temporary road arrangements Sunday 2nd August, 9am-6pm

Dear Town Clerk,

As part of the approval process for the Car Show, The Friends of Mount Edgumbe Country Park, the organiser, is required to review the traffic impact with the Local Safety Advisory Group (LSAG) to ensure that any concerns are addressed in the plans for this year's Show.

In order to minimise inconvenience to local traffic and the bus service, The Friends propose:

- a) motor traffic on the B3247 heading eastbound at Tregantle will be required to turn right into Military Road;
- b) the B3247 between Military Road and Clampet Lane will only be passable in a westbound (away from Millbrook) direction;
- c) pedal cyclists will not be affected by the closure;
- d) a set of temporary traffic signals will be used to help show-bound traffic to make the right turn at the Furlanesend junction;
- e) signing at Torpoint will encourage visitors using the Ferry to follow signs rather than SATNAV to minimise the impact on St John;
- f) to reduce the number of cars travelling to the event, the pedestrian ferry service from Plymouth to Cremyll will be significantly increased and the parking fee will be set at £15 to encourage car sharing.
- g) there will be no other restrictions on movement throughout the area.

The Friends apologise for any short term inconvenience that this proposal may cause. The Show raises much needed charity funding and, while providing a day of entertainment for the local population to enjoy, also gives local groups and charities the opportunity to raise money at reduced pitch fees for their own good causes.

Please contact me if you would like any more information.

Yours faithfully, Janet Vosper, (secretary@fomecp.org.uk)
